INFORMATION FOR AUTHORS

Manuscripts submitted for publication should be sent to:

Dr. Francisco J. B. Sampaio
Editor, International Braz J Urol

by e-mail with attached text files and figures to:
submission@brazjurol.com.br

Manuscripts must be written in current English. Non-native speakers should ask a native specialist in medical English for checking the grammar and style. Either American or British English may be used but should be consistent throughout the manuscript.

A submission letter signed by all authors must accompany each manuscript. This letter must state that: a)- the paper or portion thereof have not been previously published and are not under consideration by another Journal, b)- that all authors have contributed to the information or material submitted for publication, and that all authors have read and approved the manuscript, c)- that the authors have no direct or indirect commercial financial incentive associated with publishing the manuscript, d)- that the source of extra-institutional funding, specially that provided by commercial companies, is indicated. After accepted for publication, the manuscript will become property of the **International Braz J Urol**.

Conflict of Interest – Any conflict of interest, mainly financial agreement with companies whose products are alluded to in the paper, must be clearly disclosed when submitting a manuscript for review. If accepted, a disclosure will be published in the final manuscript.

The requirements for authorship and the general rules for preparation of manuscripts submitted to the **International Braz J Urol** are in accordance with the Uniform Requirements for Manuscripts Submitted to Biomedical Journals (International Committee of Medical Journal Editors. Uniform Requirements for Manuscripts Submitted to Biomedical Journals. *Ann Intern Med*, 126: 36-47, 1997). An electronic version of the Uniform Requirements is available on various websites, including the International Committee of Medical Journal Editors web site: www.icmje.org.

In response to the concerns of the editors of scientific medical journals with ethics, quality and seriousness of published articles, a Committee on Publication

Ethics (COPE) was established in 1997 and a guideline document was published. The **International Braz J Urol** signed, approved, and follows the COPE guidelines. The Editor strongly encourages the authors to carefully read these guidelines before submitting a manuscript (www.publicationethics.org.uk/guidelines or www.brazjurol.com.br, vol. 26 (1): 4-10, 2000).

Peer Review – All submissions are subject to editorial review. Typically, each manuscript is anonymously forwarded by the Editor to 3 Reviewers (at least 2). If the Editor receives conflicting or inconclusive revisions, the manuscript is always sent to 1 or 2 additional Reviewers before the Editor's decision. If considered necessary by the Editor or by the Reviewers, statistical procedures included in the manuscript will be analyzed by a statistician.

The **International Braz J Urol** contains six sections: **Clinical Urology, Surgical Technique, Pediatric Urology, Urological Neurology, Investigative Urology, and Urological Survey**. The articles should be written in English official orthography.

Abbreviations should be avoided, and when necessary must be specified when first time mentioned. Unusual expressions may not be used. A list of abbreviations must be provided at the end of the manuscript.

Every manuscript submitted to publication should have a cover page containing the title, short title (up to 50 characters), authors and institution. Up to six key words should be provided. These words should be identical to the medical subject headings (MeSH) that appear in the Index Medicus of the National Library of Medicine (<http://www.nlm.nih.gov/mesh/meshhome.html>).

One of the authors should be designated as correspondent and the complete correspondence address, telephone and fax numbers and E-mail should be provided.

If any financial support has been provided, the name of the institution should be mentioned.

Original Articles, Pediatric Urology and Urological Neurology: Original articles should contain a Cover Page, Abstract, Introduction, Materials and Methods, Results, Discussion, Conclusions, References, Tables and Legends, each section beginning in a separate page and numbered consecutively. Original articles should cover contemporary

aspects of Urology. The manuscript text should contain no more than 2500 words, excluding the Abstract. The number of authors is limited to five. References should contain no more than 30 citations, including the most important articles on the subject. Articles not related to the subject must be excluded.

Review and State of the Art: Review and State of the Art articles are accepted for publication upon Editorial Board's request only. A Review Article is a critical analysis of the most recent published manuscripts dealing with a urological topic. A State of the Art article is the view and experience of a recognized expert in the topic. An abstract must be provided.

Surgical Technique: These manuscripts should present new surgical techniques or instruments and should contain Introduction, Surgical Technique, Comments and up to five References. An abstract must be provided.

Investigative Urology: The aim of this section is the publication of experimental studies on Basic Sciences applied to urology. The sections of the manuscript are the same of Original Articles.

Urological Survey: Will be published upon the Editor decision.

Letters to the Editor: The letter should be useful for urological practice and must not exceed 500 words. They will be published according to the Editorial Board evaluation.

ILLUSTRATIONS:

The illustrations should not be sent merged in the text. They should be sent separately, in the final of the manuscript.

- 1) The number of illustrations should not exceed 10 per manuscript.
- 2) Check that each figure is cited in the text.
- 3) The legends must be sent in a separate page.
- 4) The legends of histological illustrations should contain the histological technique and the final magnification.
- 5) The International Braz J Urol encourages color reproduction of illustrations wherever appropriate.

6) All histological illustrations should be supplied in color.

ELECTRONIC SUBMISSION

1) Do not embed the figures in the text, but supply them as separate files.

2) For Submitting Photographs Electronically, please:

Supply photographs as TIFF (preferable) or JPG files. The TIFF or JPG should be saved at a resolution of 300 dpi (dots per inch) at final size.

If scanned, the photographs should be scanned at 300 dpi, with 125mm width, saved as TIFF file and in grayscale, **not embed in Word or PowerPoint.**

3) For Submitting Line Artwork Electronically please note that:

Line drawings must be supplied as EPS files (give an EPS extension, e.g. Fig01.eps).

Use black text over light to mid grey and white text over dark grey or black shades.

Use lower case for all labeling, except for initial capitals for proper nouns and necessary mathematical notation. Centre each file on the page and save it at final size with the correct orientation. We recommend a minimum final width of 65 mm, but note that artwork may need to be resized and relabeled to fit the format of the Journal.

4) IMPORTANT - Avoid - Do Not

- a) **DO NOT** embed the images in the text; save them as a separate file
- b) **DO NOT** supply artwork as a native file. Most illustration packages now give the option to "save as" or export as EPS, TIFF or JPG.
- c) **DO NOT** supply photographs in PowerPoint or Word. In general, the files supplied in these formats are at low resolution (less than 300 dpi) and unsuitable for publication.
- d) **DO NOT** use line weights of less than 0.25 point to create line drawings, because they will not appear when printed.

TABLES: The tables should be numbered with Arabic numerals. Each table should be typed on a single page, and a legend should be provided for each table. Number tables consecutively and cite each table in text in consecutive order.

Information for Authors - *continued*

REFERENCES: The References should be numbered following the sequence that they are mentioned in the text. The references should not be alphabetized. They must be identified in the text with Arabic numerals in parenthesis. Do not include unpublished material and personal communications in the reference list. If necessary, mention these in the body of the text. For abbreviations of journal names refer to the "List of Journals Indexed in Index Medicus" (<http://www.nlm.nih.gov>). The authors must present the references according to the following examples; the names of **all authors** must be included; when exist more than six authors, list the first six authors followed by **et al.** The **initial** and the **final** pages of the reference should be provided:

The *Int Braz J Urol* has the right of reject inappropriate manuscripts (presentation, number of copies, subjects, etc.) as well as proposes modifications in the original text, according to the Referees' and Editorial Board opinion.

THE EDITORS SUGGEST THE AUTHORS TO OBSERVE THE FOLLOWING GUIDELINES WHEN SUBMITTING A MANUSCRIPT:

The **Ideal Manuscript** may not exceed 2500 words.

The **Title** must be motivating, trying to focus on the objectives and content of the manuscript.

Introduction must exclude unnecessary information. It should briefly describe the reasons and objective of the paper.

Materials and Methods should describe how the work has been done. It must contain sufficient information to make the study reproducible. The statistical methods have to be specified.

The **Results** should be presented using Tables and Figures whenever possible. Excessive Tables and Figures must be avoided. The tables should not be repeated on the text.

The **Discussion** must comment only the results of the study, considering the recent literature.

Conclusions must be strictly based on the study findings.

References should contain no more than 30 citations, including the most important articles on the subject. Articles not related to the subject must be excluded.

The Abstract must contain up to 250 words and must conform to the following style: Purpose, Materials and Methods, Results and Conclusions. Each section of the manuscript must be synthesized in short sentences, focusing on the most important aspects of the manuscript. **The authors must remember that the public firstly read only the Abstract, reading the article only when they find it interesting.**

VIDEO SUBMISSIONS

The *International Braz J Urol* accepts Video Clips submissions for placement on the Journal web site (Video Library). All videos are subject to peer review and must be sent directly to the Section Editor by e-mail or mail to:

Dr. Philippe E. Spiess
Division of Urology
H. Lee Moffitt Cancer Center
12902 Magnolia Dr.
GU Program - MCC 4035
Tampa, FL, 33612, USA
E-mail: Philippe.Spiess@moffitt.org

Video files must be compressed to the smallest possible size that still allows for high resolution and quality presentation. The size of each clip should not exceed 80 MB. File size limitation is intended to ensure that end-users are able to download and view files in a reasonable time frame. If files exceed the specified size limitation, they will not be posted to the web site and returned to the author for resubmission.

The video must be backed up on a CD in high quality MPEG2 or AVI or WMV or FLV or MOV format, **no longer than 8 minutes duration.**

NOTE:

Recent issues of the *International Braz J Urol* must be observed concerning the presentation form of the manuscript.
