## Subject Index - Volume 28, 2002

### Benign prostatic hyperplasia

alfuzosin in, 25  
alpha-blocker in, 25  
flowmetry, 25, 418  
quality of life, 25, 418  
medical therapy, 25  
pharmacotherapy, 25  
phytotherapy, 418  
prostatic intraepithelial neoplasia (PIN), 413  
prostatic specific antigen (PSA), 413  
Pygeum africanum in, 418  
stinging nettle (*Urtica dioica*) in, 418  
symptom score, 25, 418  
treatment, 25  
urinary flow rate, 25, 418  
urodynamic evaluation, 418

### Bladder

and botulinum toxin, 545  
antibiotics, 50  
augmentation with collagen membrane, 464  
augmentation with rectus abdominis, 560  
bacteriuria, 50  
BCG vaccine in cancer, 426  
bladder neoplasms, 317, 426, 522  
bladder neoplasms and CT-virtual endoscopy, 317  
calculus, 43  
capacity in rabbits, 464  
capsaicin in, 154  
carcinoma and diagnostic imaging, 317  
cistometry in rabbits, 464  
clean intermittent catheterization, 50  
continence and Mitrofanoff conduit, 47  
cystectomy at a teaching hospital, 522  
cystectomy complications, 522  
cystitis, 154  
cystocele, 140, 553  
diagnostic imaging, 317  
foreign body, 43  
histology in rabbits, 464  
histology in rats, 560  
imaging, 317  
immunotherapy in cancer, 426  
infection, 50  
interstitial cystitis, 10  
intrauterine device and foreign body, 43  
lidocaine vs. gentamycin in urethral catheter, 50  
Mitrofanoff conduit, 47  
morbidity of cystectomy, 522  
neoplasms imaging, 317  
pain, 10  
plug and Mitrofanoff conduit, 47  
postoperative complications of cystectomy, 522

prostheses and implants, 464  
rabbit bladder, 464  
rat bladder, 154, 560  
reconstruction with rectus abdominis, 560  
superficial cancer, 426  
treatment of cancer with BCG, 426  
urinary diversion, 47, 522  
urinary tract infection, 50  
urodynamics in rabbits, 464  
urodynamics in rats, 560  
virtual cystoscopy, 317  
voiding dysfunction, 10, 452

### Children

anesthesia for ESWL, 539  
bladder capacity, 232  
complications of ESWL, 539  
DMSA renal scanning, 250  
enuresis, 232  
laparoscopic nephrectomy, 346  
lithiasis, 539  
nocturnal polyuria, 232  
renal scarring, 250  
renal ultrasound, 250  
shock wave lithotripsy in, 539  
urination disorders, 232  
uroolithiasis, 539  
vesicoureteral reflux, 250

### Endourology and Laparoscopy

Acucise catheter, 302  
bowel perforation, 533  
cecum perforation, 132  
complications, 132  
endopyelotomy, 302  
hemostatic techniques in laparoscopic nephrectomy, 504  
intestinal perforation, 533  
intraoperative complications, 533  
laparoscopy in incontinence, 403  
laparoscopic live donor nephrectomy, 394  
laparoscopic nephrectomy, 504  
laparoscopic nephrectomy in children, 346  
laparoscopic pyeloplasty, 439  
lithotripsy, 291  
nephrectomy, 394  
nephrolithotomy, 132, 533  
partial laparoscopic nephrectomy, 504  
percutaneous surgery, 132, 533  
seminal vesicle removal by laparoscopy, 335  
shock wave lithotripsy, 291  
shock wave lithotripsy in children, 539  
ureteropelvic junction stenosis, 302, 439

# International Braz J Urol

---

## Erectile dysfunction and Ejaculation

antidepressant drugs, 116  
fluoxetine, 116  
ilio-inguinal nerve graft for impotence, 446  
nerve transfer for erectile dysfunction, 446  
premature ejaculation, 116  
sexual dysfunction, 116  
sexual rehabilitation after prostatectomy, 446  
treatment of premature ejaculation, 116

## Fistulas

rectourethral, 338  
surgical technique, 338

## Imaging

bladder, 317  
calculi, 516  
computed tomography, 317  
CT-virtual endoscopy, 317  
cystocele, 553  
cystoscopy, 317  
DMSA renal scanning, 250  
in pelvic floor disorders, 553  
kidney biometry, 510  
lithiasis, 516  
magnetic resonance imaging, 553  
obstruction, 516  
rectocele, 553  
ureter, 317, 516  
urography, 510  
uterine prolapse, 553  
vesico-ureteral reflux, 250  
virtual ureteroscopy  
renal ultrasound, 510  
renal ultrasound in children, 250  
ureter, 516  
urinary tract, 317

**Impotence:** see Erectile dysfunction

## Incontinence

age, 259  
and cystocele, 140, 553  
anterior vaginal wall sling, 349  
Bologna procedure, 140  
diagnosis, 259  
effectiveness of pubovaginal sling, 349  
female incontinence, 140, 259  
intrinsic sphincteric insufficiency, 349  
laparoscopic Burch colposuspension, 403

laparoscopy in, 403  
magnetic resonance imaging, 553  
medical history, 259  
minimally invasive procedures, 403  
prolapse, 553  
protheses and implants, 403  
pubovaginal sling, 349, 403  
reconstructive surgical procedures, 140  
rectocele and, 553  
sling, 349  
stress incontinence, 140, 259, 349, 403, 458  
surgical treatment of SUI, 140, 349, 403  
tension free vaginal tape for, 458  
urethral bulking agents for, 403  
urodynamics, 259

## Interstitial Cystitis

classification, 10  
diagnosis, 10  
electrical stimulation in, 10  
quality of life, 10  
surgical treatment, 10

## Kidney

acute flank pain, 516  
and hypertensive rats, 356  
angiography, 40  
area, 510  
bicarbonate excretion in rats, 265  
chronic renal failure and prostate cancer, 330  
dimensions, 510  
Doppler and thrombosis, 40  
drug therapy and hypertension, 356  
fetus, 147  
foreign body, 537  
function in undernourished rats, 265  
gentamicin nephrotoxicity, 265  
glomerulus, 356  
hemodynamic in rats, 265  
hypertension and glomerulus, 356  
imaging, 40  
in utero ultrasonography, 147  
laparoscopic live donor nephrectomy, 394  
laparoscopic nephrectomy in children, 346  
laparoscopic nephroureterectomy, 109, 335  
laparoscopic partial nephrectomy, 184  
laparoscopic pyeloplasty, 439  
length, 510  
malnutrition and nephrotoxicity, 265  
mean glomerular volume in hypertensive rats, 356  
metastasis from lung carcinoma, 130  
morphometry, 510  
normal kidney dimensions, 510  
postoperative complications, 537  
potassium excretion in rats, 265  
prenatal hydronephrosis, 147

# International Braz J Urol

---

rats, 265, 356  
renal biometry, 510  
renal function in rats, 265  
renal artery embolism, 40  
renal remnant and ectopic ureter, 335  
sodium excretion in rats, 265  
spironolactone, 356  
stereology of the glomerulus, 356  
textiloma after nephrectomy, 537  
transitional cell carcinoma, 109  
transplantation, 93  
thrombosis, 40  
urinoma and lung cancer, 130  
virtual pyeloureteroscopy, 317  
width, 510

## Kidney calculi

caliceal diverticula and, 291  
CT in ureteral calculi, 516  
horseshoe kidney and, 295  
imaging, 516  
in children, 539  
lithotripsy, 3, 539  
lower pole, 3, 291  
obstruction imaging, 516  
open surgery, 87  
patient-related factors and treatment, 291  
renal anatomy, and, 3, 291  
renal biopsy, 192  
renal ectopia and, 291  
residual stones, 3  
retroperitoneoscopic renal biopsy, 192  
shock wave lithotripsy, 291, 539  
shock wave monotherapy, 291, 539  
staghorn calculi, 87  
stone burden and treatment, 291  
stone composition and treatment, 291  
treatment in children, 539  
ureteropelvic junction obstruction and, 291

**Kidney cancer:** see Renal cell carcinoma

**Kidney transplantation:** see Renal transplantation

## Lithiasis

CT unenhanced in ureter, 516  
diagnosis, 516  
fragments retention, 3  
imaging, 516  
in caliceal diverticula, 87  
in children, 539  
in ectopic kidney, 87  
lithotripsy, 3, 539  
lower pole, 3

kidney, 3, 87, 539  
minimally invasive treatment, 3, 539  
open stone surgery, 87  
percutaneous nephrolithotripsy, 87  
refractory to SWL,  
renal anatomy, and, 3  
shock wave lithotripsy, 3, 539  
spontaneous passage, 516  
staghorn calculi, 87  
stone burden, 3  
stone location and treatment, 3  
surgery, 87  
treatment, 87, 516, 539  
treatment outcome, 3  
ureteral, diagnosis, 516  
ureteral, management, 516  
urinary obstruction, 516

## Pelvis

enterocele, 553  
interstitial cystitis, 10  
magnetic resonance imaging, 553  
pain, treatment, 10  
pelvic floor disorders, 553  
prolapse, 553  
rectocele, 553  
uterine prolapse, 553

## Penis

carcinoma, 33, 123, 221  
epidermoid carcinoma, 33, 123, 221  
human papillomavirus - HPV, 221  
inguinal node metastasis, 123, 221  
intraoperative gamma probe in cancer, 123  
lymphadenectomy and carcinoma, 123  
lymphangioma, 138  
polymerase chain reaction in, 221  
penile carcinoma, 33, 123, 221  
penile neoplasms, 33, 123, 138, 221  
prepuce, cavernous lymphangioma, 138  
prevalence of HPV in, 221  
prognosis in carcinoma and p53, 33  
prognosis in carcinoma and HPV, 221  
protein p53 and carcinoma, 33  
radionuclide imaging in carcinoma, 123  
sentinel node in carcinoma, 123  
survival curve in carcinoma and p53, 33  
tumors, 33, 123

## Prostate

high-grade PIN, 413  
prevalence of high-grade PIN, 413

# International Braz J Urol

---

prostate-specific antigen (PSA) and PIN, 413  
prostatic intraepithelial neoplasia (PIN), 413  
PSA vs. high-grade PIN, 413

## Prostate cancer

age and, 207, 214  
and hemodialysis, 330  
and non-symptomatic men, 197  
and renal transplantation, 330  
antimicrobial therapy in biopsy, 526  
diagnosis, 197, 207, 214, 323, 526  
digital rectal examination, 214  
conventional vs. biopsy with anesthesia, 323  
education level and, 214  
epidemiology, 214  
extension, 197  
free to total PSA ratio, 214  
frequency of incidental, 197  
high-grade PIN and PSA, 413  
Gleason score, 197, 207  
grading and terminology, 197  
histologic grading, 197  
ilio-inguinal nerve graft, 446  
in autopsies, 197  
in kidney transplant patients, 330  
local anesthesia in biopsy, 323  
long term antibiotics in biopsy, 526  
mean age, 197, 214  
needle biopsy, 207, 323, 526  
nerve transfer and prostatectomy, 446  
origin, 197  
pain and needle biopsy, 323  
penile erection after prostatectomy, 446  
perineural invasion, 207  
peripheral and transitional zone, 197  
periprostatic anesthesia, 323  
prevalence and race, 214  
prostatic intraepithelial neoplasia (PIN), 207, 413  
prostatic-specific antigen (PSA), 207, 214, 413  
racial differences, 214  
radical prostatectomy, 446  
repeated biopsy, 207  
screening for, 207, 214, 323, 526  
sextant biopsy, 207, 526  
sexual rehabilitation after prostatectomy, 446  
short term antibiotics in biopsy, 526  
staging, 197  
transitional zone, 197  
transrectal ultrasound, 207, 214  
twelve core biopsy, 207  
ultrasound guided biopsy, 207, 214, 323, 526  
ultrasound biopsy and pain tolerance, 323

## Renal cell carcinoma

cable tie tourniquet in surgery for, 184  
conservative surgery, 20  
diagnosis, 102

disease-free survival curves, 20  
endosnare in laparoscopic surgery for, 184  
hand-assisted laparoscopy in, 184  
hydro-jet technique in surgery of, 184  
incidental tumors, 102  
pathologic prognostic factors, 20  
laparoscopic partial nephrectomy, 184  
microscopic vascular invasion, 20  
microwave coagulator in laparoscopy for, 184  
minimally invasive surgery, 184  
morphologic features of incidental, 102  
nephron-sparing surgery, 102  
nephron-sparing surgery and local recurrence, 20  
patient status and pathologic findings, 20  
partial nephrectomy indications in, 184  
prognosis, 20  
radical nephrectomy, 20  
radiofrequency coagulation in partial nephrectomy, 184  
surgical laparoscopic techniques, 184  
survival after conservative surgery, 20, 184  
survival curves in, 20  
outcome of incidental tumors, 102  
ultrasonic shears in laparoscopic surgery, 184

## Renal transplantation

acute tubular necrosis, 93  
and prostate cancer, 330  
graft survival, 93  
kidney failure, 93  
laparoscopic live donor nephrectomy, 394  
perioperative care, 394  
screening for prostate cancer, 330  
traditional vs. laparoscopic nephrectomy, 394

## Retroperitoneum

giant retroperitoneal liposarcoma, 227  
sarcoma, 227  
tumor, 227

## Surgical Technique

anterior vaginal wall sling, 349  
dismembered laparoscopic pyeloplasty, 439  
laparoscopic live donor nephrectomy, 394  
laparoscopic nephrectomy in children, 346  
recto-urethral fistulas, 338  
tension-free vaginal tape, 458

## Testis and Scrotum

cryptorchidism and protein p53, 57  
cryptorchidism and tumor, 437

# International Braz J Urol

---

experimental cryptorchidism, 57  
histological changes in cryptorchidism, 57  
hydrocele rupture, 45  
hydronephrosis and seminoma, 437  
laparoscopic orchiectomy, experimental, 143  
malignant mesothelioma, 135  
neoplasms, 57, 437  
orchiectomy, rat model, 143  
p53 expression in cryptorchidism, 57  
rats, 57  
seminoma, 437  
testicular neoplasms, 57, 135, 437  
tumors, 437  
tunica vaginalis tumor, 135

## Ureter

abnormalities, 230  
calculi, 516  
calculi and pregnancy, 311  
distal resection, 109  
duplication, 230  
ectopic ureter and renal remnant, 335  
imaging, 317, 516  
laparoscopic resection, 109, 335  
lithiasis, 311, 516  
obstruction and appendicitis, 230  
obstruction and pregnancy, 311  
retrograde ureteroscopy, 311  
seminal vesicle cyst and ectopic, 335  
ureteral calculi, 311, 516  
ureteral intussusception, 109  
ureteral obstruction, 301, 311, 439, 516  
ureteral stricture, 302  
ureterectomy, 109  
ureteroscopy, 311  
virtual ureteroscopy, 317

## Ureteropelvic junction obstruction

Acucise catheter, 302  
dismembered laparoscopic pyeloplasty, 439  
endopyelotomy, 302  
laparoscopic pyeloplasty, 439

placement of stent in pyeloplasty, 439  
pyelocaliceal dilation, 302  
surgical treatment, 302, 439  
virtual pyeloureteroscopy, 317

## Urethra

botulinum toxin for dysfunction, 545  
catheter lubrication, 50  
clean catheterization, 50  
congenital and acquired fistulas, 338  
hypermobility, 353  
intrinsic sphincteric insufficiency, 349  
rectourethral fistulas, 338  
surgery, 338  
urethral bulking agents, 403  
urethral incontinence, 403

## Voiding dysfunction, see also incontinence

bladder capacity, 234  
bladder hyperreflexy, 452  
botulinum toxin for, 545  
detrusor hyperreflexia and botulinum toxin, 545  
electrical stimulation in, 10  
enuresis in children, 232  
HTLV-1 infection and, 452  
intrinsic sphincteric insufficiency, 349  
myelopathy, 452  
neurogenic bladder and botulinum toxin, 545  
retrovirose and, 452  
sling for incontinence, 254  
spinal cord diseases and, 452  
spinal cord diseases and botulinum toxin, 452  
stress urinary incontinence and, 254  
therapy, 10  
treatment of nocturnal enuresis, 234  
tropical spastic paraparesis and, 452  
urinary incontinence, 232, 254, 259  
urinary sphincter and botulinum toxin, 545  
urination disorders, 10, 232  
urination disorders and botulinum toxin, 545  
urodynamics, 452
